13. Frequently Asked Questions

Q1. What is the difference between cashless and reimbursement claims? In a cashless claim, the Company/TPA settles the bill directly with the network hospital. In a reimbursement claim, the insured pays the hospital first and later claims reimbursement from the Company.

Q2. Can I choose any hospital for cashless treatment? Cashless facility is available only at hospitals within the Company's Network Hospital list. Treatment at a non-network hospital can still be claimed on a reimbursement basis.

Q3. What happens if I don't renew my policy on time? You get a grace period of 30 days (15 days for monthly mode). If not renewed within this period, the policy lapses and all continuity benefits, including waiting period credit, are lost.

Q4. Is Cancer covered from day one? No. Cancer, being a pre-existing or specific illness in certain contexts, is subject to the applicable waiting periods described in Section 7. If diagnosed after the waiting period is served, both hospitalization cover and the Critical Illness Benefit apply.

Q5. Can I port this policy from another insurer? Yes, subject to IRDAI Portability Guidelines, credit for waiting periods already served with the previous insurer is given, provided the port request is made 45–60 days before the previous policy's renewal date.

Q6. Does this plan cover maternity expenses? No. This individual plan does not cover pregnancy, childbirth, or related complications. Policyholders seeking maternity cover may consider the SecureLife Family Health Suraksha plan.

Q7. What is Restoration Benefit and when does it apply? If your Sum Insured is fully utilized during the policy year, 100% of the Base Sum Insured is restored automatically, once per year, for future unrelated claims.

Q8. Is there a co-payment on this policy? No co-payment applies for entry ages up to 60 years. A 20% co-payment applies for policies where

the insured's age at entry is above 60 years.

Q9. How is the Critical Illness Benefit paid? It is a lump sum benefit (50% of Base Sum Insured, capped at ₹10,00,000), paid once, on first diagnosis of a listed illness, subject to a 30-day survival period.

Q10. Are pre-existing conditions ever covered? Yes, after 36 continuous months of coverage under this policy (or a ported predecessor policy) without a break, pre-existing conditions declared at inception become covered.

Q11. What is the waiting period for accidents? None. Accidental injuries are covered from Day 1 of the policy, without any waiting period.

Q12. Can I increase my Sum Insured at renewal? Yes, subject to underwriting approval and possibly a fresh waiting period applicable only to the increased portion of the Sum Insured.

Q13. What is Hospital Cash Benefit? A fixed daily cash payout (₹1,500/day) for each day of hospitalization beyond the first day, up to 15 days per year, payable regardless of actual hospital expenses.

Q14. Will my premium increase every year? Premiums are revised based on age-band changes and any Company-wide repricing approved by IRDAI; individual claims history alone does not increase premium, but the No Claim Bonus and Cumulative Bonus may affect Sum Insured and hence premium calculations at renewal.

Q15. What documents are needed to add a rider later? A written request/endorsement application along with the additional premium; some riders may require fresh health declarations.

Q16. Is there an age limit for renewal? No. This policy offers lifelong renewability, subject to timely premium payment and disclosure requirements.

Q17. What is the Free Look Period? A 15-day window from receipt of the policy document to review the terms and cancel if unsatisfactory, with proportionate deductions as applicable.

Q18. Does the policy cover day care procedures like cataract

surgery? Yes, day care procedures not requiring 24-hour hospitalization due to technological advancement are covered under Section 6.3.

Q19. What happens to my Cumulative Bonus if I make a claim? The Cumulative Bonus reduces by 10% for the following year for each year in which a claim is made, but the base Sum Insured is never reduced below the originally opted amount.

Q20. Whom do I contact for a claim-related grievance? You may contact the Company's Grievance Redressal Officer via the channels listed in Section 15 (Customer Support), or escalate to the Insurance Ombudsman if unresolved within 15 days.

Q21. Can I cover my spouse under the same policy? No, this is a single-life individual policy. Each family member requires a separate individual policy, or the Family Health Suraksha floater plan may be considered.

Q22. Is COVID-19 or similar pandemic illness covered? Yes, hospitalization due to any illness, including notified pandemic illnesses, is covered as per standard policy terms, subject to applicable waiting periods and exclusions.
