3. About the Policy

SecureLife Term Protect Plus is an **individual, non-linked, non-participating pure life risk protection plan** designed to provide a lump sum financial safeguard to the family of the Life Assured in the unfortunate event of death during the Policy Term. The plan is built for individuals who wish to secure their family's financial future — covering liabilities such as home loans, children's education, and daily living expenses — at an affordable premium.

This plan does **not** build cash value in the traditional sense (except where the optional Return of Premium variant is selected) and is designed purely to provide high-value life cover. SecureLife Term Protect Plus also offers built-in and optional benefits such as Terminal Illness Benefit, Accidental Death Benefit, Waiver of Premium on Disability, and a structured Income Benefit payout option, allowing the Policyholder to customise the plan to their family's specific needs.

This is a **health-and-life composite offering** of SecureLife Insurance Pvt. Ltd.'s Life & Protection Division, underwritten separately from the company's health indemnity products.

8. Benefits

8.1 Death Benefit

On the death of the Life Assured during the Policy Term, provided the policy is in force, the nominee/beneficiary shall receive the "**Sum Assured on Death**," which is the highest of:

- 11 times the Annualised Premium; or
- The absolute Sum Assured stated in the Policy Schedule (₹75,00,000); or
- 105% of all premiums paid as on the date of death.

The Death Benefit is payable as a lump sum, or in a combination of lump sum and structured monthly income, as chosen by the Policyholder at inception or by the nominee at the time of claim (where the plan variant permits this flexibility).

8.2 Terminal Illness Benefit

If the Life Assured is diagnosed with a Terminal Illness (a condition expected, in the opinion of a Medical Practitioner, to lead to death within 6 months), SecureLife Insurance Pvt. Ltd. will advance up to **100% of the Sum Assured, subject to a maximum of ₹1,00,00,000**, ahead of death, provided the policy has been in force for at least 6 months and is not under any exclusion. This benefit is built into the base plan at no additional premium and terminates the base policy upon payment.

8.3 Accidental Death Benefit (Optional Rider)

Where opted for at inception, an additional lump sum equal to the

Accidental Death Benefit Sum Assured is payable **over and above** the Death Benefit if death occurs directly and solely as a result of an accident, within 180 days of the accident, and the accident is the sole and direct cause of death independent of any other cause.

8.4 Waiver of Premium Rider (Optional)

If the Life Assured suffers an Accidental Total Permanent Disability during the Policy Term, all future premiums under the base policy and any attached riders are waived for the remainder of the Premium Paying Term, while the life cover continues uninterrupted.

8.5 Income Benefit (Optional Payout Structure)

The Policyholder may opt, at inception, for the Death Benefit to be paid partly as a lump sum (minimum 50%) and the balance as a **Monthly Income Benefit**, payable to the nominee for a fixed period of 10 years from the date of the claim, escalating at a simple rate of 5% per annum to help offset inflation.

8.6 Optional Riders Available

Accidental Death Benefit Rider	Additional lump sum on accidental death	₹1.20 per ₹1,000 Sum Assured p.a.
Waiver of Premium Rider	Waives future premiums on Accidental Total Permanent Disability	₹0.55 per ₹1,000 Sum Assured p.a.
